DOWN GO RATES.

Commerce Commission Orders
a Reduction on Cattle.

It Applies to 59 Railroads in
Southwest Territory.

Washington, Aug. 27.—A sweeping reduction of from one-half cent to five cents per hundred pounds on range cattle shipments to be carried into effect by October 15, is effected in an order issued today by the interstate commerce commission in the case of the Cattle Raisers' association of Texas, against the Missouri, Kansas & Texas and 58 others common carriers. The reduction carries out the commission's condemnation last spring of the railroad advances in rates. The rates ordered cut today are on range cattle from points in Texas, New Mexico and Oklahoma to northern ranges in Wyoming, Nebraska, South Dakota and Montana and on cattle in car loads from southwest to Chicago, East St. Louis, St. Louis, St. Joseph, Kansas City, New Orleans and Omaha. The railroads are also ordered to substitute a terminal charge of not exceeding one dollar per car for their present two dollar terminal charge for the delivery of live stock at the Union Stock yards in Chicago.

NEW MACADAM ROAD.

Proposed to Build One to Connect
With Rochester Road.

A petition is being circulated by George Behl, a resident of Shorey, which if a sufficient sum of money is subscribed means a macadam road connecting Jackson street with Maple Grove. It is proposed to build a macadam road four blocks west from Jackson street on St. John street, then one block north on Tyler street connecting with the Maple Grove addition road.

This road connects with the Rochester road and means a macadam road three miles in length connecting the city with the country. Owing to the expense of paving the street inside the city limits this move is considered impractical at this time. During the season of heavy rains the parts of the streets which it is proposed to macadam are almost impassable.

When this road is completed it will give a continuous stretch of good roads in North Topeka connecting that part of the city with macadam roads in the country leading in all directions. The committee in charge of the work hopes to raise \$500 and it is expected that the city will expend an equal sum on improving the streets described as roads. The subscriptions so far received are:

John F. McIntyre, Who Has Been Retained to Direct the Defense of the Hains Brothers.

SPECIAL GRAND JURY.

One Will Be Empaneled for the Hains
Hearing.

New York, Aug. 27.—Governor Charles E. Hughes, in a letter received today by District Attorney Darrin of Queens county, stated that he would empanel a special grand jury to hear evidence in the case of the Hains brothers, accused of the murder of William E. Annis. The governor also said that he would select a judge to preside. The district attorney announced that the jury would probably sit about September 21.

STAYED BY A DREAM.

Woman Refuses to Embark on French
Steamer La Touraine.

New York, Aug. 27.—Crying that she had dreamed that the French line steamer La Touraine, which sailed for Havre today, would go down at sea, Marie Fenell refused to go aboard the vessel although every effort was made to induce her to change her mind. With her husband and seven children, Mrs. Fenell was to have sailed for their old home in Alexandria, Italy, where they intended to spend their remaining days. Her husband and several friends tried to drag the woman on board, but she resisted desperately and when La Touraine steamed away the woman with her little flock of children and an angry husband were still standing on the pier.

BURTON IN TOPEKA.

Ex-Senator Came Here for a Confer-
ence With Mr. Bryan.

Ex-Senator J. R. Burton is in Topeka on his way home from Texas. Incidentally, he is here to have a conference with W. J. Bryan. Burton has announced that he is going to support Bryan, and possibly he wants the necessary credentials from the presidential candidate to break into the Democratic party.

"I am out of politics for a while," said Mr. Burton. "I am obliged for financial reason to go into the business of selling. By fall I expect to have sold enough land to enable me to re-enter politics."

"In my judgment, the bank guaranty plank in the Republican platform is a farce. It means nothing. It provides for voluntary mutual insurance, and that's all. It won't amount to anything. The fact that the Republicans put in such a plank will help Bryan, because it tends to put the Republicans of Kansas in harmony with Bryan."

Mr. Burton was asked whether he would consider that a compulsory guaranty plank was constitutional.

"There isn't any constitution," said Burton. "Roosevelt has abolished the constitution."

Change of Venue Refused.

Jackson, Ky., Aug. 27.—Judge Adams today overruled the motion made by the prosecution for a change of venue in the case of Beech Hargis, charged with the murder of his father, Judge James Hargis, and the case will be tried in Breathitt county.

YOUTHFUL SWINDLER.

Boy in His Teens Held for Operating
Get Rich Quick Scheme.

Chicago, Aug. 27.—A dispatch to the Tribune from Memphis, Tenn., says: The mysterious E. Gately, arrested in New York after a long chase by United States officers, will be tried here for an audacious attempt at swindling for one of his years. Gately, whose real name is David Steinberg, is a boy still in his teens, and for 18 months he has been sought for misuse of the mails. Steinberg had correspondence with a Chicago tanning company in regard to a shipment of hides worth \$7,500. While working for S. Steinberg & Co., wholesale hide dealers here, the boy was dis- tantly related to S. Steinberg, is alleged to have rented a typewriter, purchased stationery, and in the back room of a squalid lodging house started the business of the Memphis Hide & Fur company. Study of business letters is said to have enabled him to learn May's way to frame his correspondence, and with a recklessness which ended in his undoing he started to furnish the hide trade with sensational quotations.

He obtained money orders on alleged forged bills of lading forwarded from Memphis and is said to have realized considerable sums of money. The government officials were never able to discover how much Steinberg accumulated, for discovery of the alleged frauds concerned was made by his employer who dismissed him from his service. Those who know him believe

he made thousands of dollars by the very same means. He neither drank nor gambled, but had a wild desire for wealth.

SEWERS ARE WORKING AGAIN.

The North Topeka Mains Have Been
Repaired.

With the exception of one small stretch the sewers of North Topeka which were badly damaged by the last flood have been all repaired by the street department.

For almost three months the sewers have been only partially effective in carrying away the excess rain water from the frequent showers of the summer months. Streets have been flooded and great inconvenience occasioned by the inability of the damaged sewers to properly drain.

"They were in much worse shape than after the big flood of 1903," said Frank Snyder, street commissioner. In a large majority of instances sections of the sewer settled and it was necessary to build new lines right over the settled mains because the presence of the quick sand made it impossible to remove the sunken mains.

LOCAL MENTION.

If you have not tried Eagle's new premier Silver Statue you have missed all that is good in cigars. No cigar sold in Topeka can equal it in quality for the price.

Mr. and Mrs. J. M. Brunt will leave Saturday evening for Denver and Grand Lake, Colorado.

It touches the spot. The Big Tromp 5 cent cigar.

The greatest labor saver a woman can secure is a telephone. Every grocer and merchant in Topeka has the independent service, besides hundreds of professional men and private citizens.

You should receive at your door a red, white and blue envelope of importance to all.

FREE FARE TO TOPEKA

The Topka Debate Association Will Refund Your Round Trip Fare.

Here's the Way It's Done:

When you leave home buy a round trip ticket to Topeka. If you pay your fare on the train keep the receipt the conductor gives you. When you get to Topeka ask for a Rebate Book in the first store in which you trade. Then in each store in which you trade have the total amount of your purchases entered. When through trading take your Rebate Book to

The Commercial Club, 627 Kansas Ave., from 9 A. M. to 5 P. M.

and present it as you would a check. Merely show your return ticket or cash fare receipt, which will identify you as an out of town shopper.

The fare refunded is based on the Total amount of your purchases. In refunding fares the entire sum shall not exceed 5 per cent of your total trade, and in no event will any sum in excess of your actual outlay for transportation be allowed. In the few cases where your full round-trip fare cannot be refunded, because of the insufficiency of your purchases, 5 per cent of the Total amount entered on your Rebate Book will be paid toward your fare.

Before making a purchase in Topeka be sure the merchant is a member of The Topeka Debate Association.

Have each and every purchase you make entered in your Rebate Book.
